

College Wish List

Youth in the US have well over 4,000 colleges and universities to choose from. Completing this document will help them narrow down what type of college or university they are interested in attending. Encourage youth to fill in as much as they can. As they continue doing research, their decisions may change - and that is okay! Once they start doing research, they can use the College Tracking Spreadsheet to track the colleges and universities they are interested in.

Your GPA: _____ Your SAT Math Score: _____

Your SAT Reading/Writing Score: _____ Your ACT Score: _____

College Level: 4-year (bachelor's) 2-year (associate or certificate)

College Type: Public Private Career and Technical
